

Indian Bank migrates its corporate website to secure '.bank.in' domain.

Chennai, September 05, 2025: Indian Bank has successfully migrated its corporate website to '.bank.in' domain (<https://indianbank.bank.in>), in line with the RBI circular and under the guidance of the Institute for Development and Research in Banking Technology (IDRBT).

With this move, Indian Bank has migrated its corporate website to the secure '.bank.in' domain, reaffirming its commitment to customer safety and secure digital banking.

IDRBT serves as the exclusive registrar for this domain, and this marks a significant milestone in the Indian banking sector's digital transformation.

The '.bank.in' domain is reserved exclusively for banks, providing stronger safeguards to combat fraud, strengthen the cybersecurity framework and enhance public confidence in digital banking, and help customers easily identify genuine banking websites.
