III	SCHEDULE OF QUANTITIES OF INTERIOR WORKS FOR ATM				
1	Providing and fixing double skin low height partitions of upto 1200 mm or near about height using 48x48x1.2mm unanodized aluminium frames in both directions along with 6mm thick commercial ply wood lined on both sides and lining with 1mm thk. lamination of approved shade and texture alongwith grooves. The rate shall include the cost of providing & fixing 12mm thick colour design toughened glass with necessary steam beach beading and etching to shape to be fixed in the centre. The rate shall include the cost of providing skirting of 100mm wide lined with 1mm thk laminate and providing & fixing a border at top of 100mm wide lined with 1mm thk laminate comlpete. The rate shall also include the cost of providing and fixing Teak wood trims of size not less than 75mmx20mm to shape for all exposed edges on top and sides including polishing and finishing with melamine matte finish tinted to approved shade and texture.		4.00		
2	Providing and fixing double skin full height partitions of upto 3050 mm or near about height using 48x48x1.2mm unanodized aluminium frames in both directions along with 6mm thick commercial plywood lined on both sides and lining with 1mm thk. lamination of approved shade and texture along with grooves. Adequate support frames to the ceiling / beams shall be provided at intervals.				

The rate shall include the cost of providing and inserting good quality sal wood frames of adequate sezin into the aluminum frames where the doors are located and covering the jamb of the aluminum frames with firm thick commercial plywood and fixing steam beach wood reapen of size 30x12mm thick actions must be providing and fixing 30mm thick factory made flush shutter fixed with 3 mumbers of 100mm long SS ball beaming impage lined with 1mm thik. Iamination on both sides to match with the adjoining partition. The rate shall include the cost of providing skirting of 100mm wide lined with 1mm thik laminate and providing & fixing a border at top of 100mm wide lined with 1mm thik laminate as shown in drawings including partiting the reaper with putly and 2 costs of inability genanel paint over a cost of prime and putly complete. Only the exposed partition seas will be measured for payment. Sym 6.00 3 Providing and fixing at all height false ceiling of 12.5mm thick tapered edge gypsum board conforming to 1S 2009 including providing and fixing at fixing and fixing at all height false ceiling of 12.5mm thick tapered edge gypsum board conforming to 1S 2009 including providing and fixing at frame work made of special seatons power pressed from MS sections and galvanized in accordance with 1 inc creding 600 as per 1S 277 and consisting of MS angles cleated of sez 25mm was 4 frame thick with farges of 22mm and 37mm at 120mm centre to centre with 5 fastere 12.5mm dia x 40mm long with 6mm dia boils to the angle hangers of 25x555mm of required length and other end of angle hanger being fixed to being fixed with rust and boils to GI channels 45x15x0 90mm running at the rate of 1200mm centre to centre to which the ceiling section 50mm thick 27mm high having flanges of 20mm with the flanges of 20mm each having clips of 10.5mm at 450mm centre to centre with 25mm dia x 20mm long GI wire at every junction including fixing the gypsum board with ceiling section and perimeter of approved make and shade and the cost of making openi	S.NO	DESCRIPTION OF WORKS	UNITS	QTY	RATE	AMOUNT
aminate and providing & fixing a border at top of 100mm wide lined with 1mm this laminate as shown in drawings including painting the reaper with putty and 2 coats of matching enamel paint over a coat of prime and putty complete. Only the exposed partition area will be measured for payment. Sqm 6.00 3 Providing and fixing at all height false ceilling of 125mm thick tapered edge gypsum board conforming to 15: 2095 including providing and fixing of frame work made of special sections power pressed from MS sections and galvanized in accordance with zinc coating 600 as per 15: 277 and consisting of MS angles cleats of size 25mm wide x 16mm thick with flanges of 22mm and 37mm at 1200mm centre to centre one edge fixed to the ceiling with dash flastener 12.5mm dia x 40mm long with 6mm dia bolts to the angle hangers of 25x2xx5mm of required length and other end of angle hanger being fixed to being fixed with nuts and bolts to Gi channels 45x15x0 90mm running at the rate of 1200mm centre to centre to which the ceiling section 0.5mm thick bottom edge of 80mm with tapered flanges of 26mm each having clips of 10.5mm at 450mm centre to centre shall be fixed to the direction perpendicular to Gi channel with connecting clips made out of 254mm dia x 230mm long Gi wire at every junction including fixing the yegsum board with recommended filler, paper tapes, finisher including painting with wor or more costs acrylic emulsion paint (WhitePine Apple Shade- 908/399 of ASIAN PAINTS) over a cost of primer of approved make and shade and the cost of making openings for light fillings, AC diffusers and continuous grills, cutuuts made with frame of perimeter channels suitably twace (emulsion paint (WhitePine Apple Shade- 908/399 of ASIAN PAINTS) over a cost of primer of approved make and shade and the cost of making openings for light fillings, AC diffusers and continuous grills, cutuuts made with frame of perimeter channels suitably twace complete. The rate shall hold good for laying the false ceiling for the vertical surfaces also (adequate size into the aluminium frames wherever the doors are located and covering the jamb of the aluminium frames with 6mm thick commercial plywood and fixing steam beach wood reaper of size 30x12mm thk alround the opening as rebate along with providing and fixing 30mm thick factory made flush shutter fixed with 3 numbers of 100mm long SS ball bearing hinges lined with 1mm thk. Iamination on both sides to match with the adjoining				
3 Providing and fixing at all height false ceiling of 12.5mm thick tapered edge gypsum board conforming to 15:2095 including providing and fixing of frame work made of special sections prover pressed from MS sections and galavinized in accordance with zinc coating 500 as per 18: 277 and consisting of MS angles cleats of size 25mm wide x 16mm thick with flanges of 22mm and 37mm at 120mm centre to centre one edge fixed to the ceiling with dash fastener 12.5mm dia x 40mm long with 6mm dia bolts to the angle hangers of 25x25x5mm of required length and other end of angle hanger being fixed to being fixed with nuts and bolts to GI channels 45x15x0.90mm running at the rate of 1200mm centre to centre to which the ceiling section 0.5mm thick bottom edge of 80mm with tapered flanges of 26mm each having clips of 10.5mm at 450mm centre to centre shall be fixed to the direction perpendicular to GI channel with connecting clips made out of 24 64mm dia x 230mm long GI wire at every junction including fixing the gypsum board with ceiling section and perimeter channels 0.50mm thick 27mm high having flanges of 20mm and 30mm long, the perimeter of ceiling fixed to the wall /partition with the help of rawl plugs at 450mm centre to centre with 25mm long drive-all screws @ 230mm interval including jointing and fixing to a flush finish of tapered and square edges of the gypsum board with recommended filler, paper tapes, finisher including painting with two or more coats acrylic emulsion paint (White/Prine Apple Shade- 9903/99 of ASIAN PAINTS) over a coat of primer of approved make and shade and the cost of making openings for light filtings. A Cdiffusers and continuous grills, cutoust made with frame of perimeter channels suitably fixed complete. The rate shall hold good for laying the false ceiling for the vertical surfaces also (with levels). Payments to be made for all the exposed surfaces including poising for 100 kg weight and rated for min 0.3 million cycles) and Pivot on top. 4 mm clear polycarbonate sheet with scratch free		laminate and providing & fixing a border at top of 100mm wide lined with 1mm thk laminate as shown in drawings including painting the reaper with putty and 2 coats of matching enamel paint over a coat of prime and putty complete. Only the exposed partition area will				
bolts to GI channels 45x15x0.90mm running at the rate of 1200mm centre to centre to which the ceiling section 0.5mm thick bottom edge of 80mm with tapered flanges of 26mm each having clips of 10.5mm at 450mm centre to centre shall be fixed to the direction perpendicular to GI channel with connecting clips made out of 2.64mm dia x 230mm long GI wire at every junction including fixing the gypsum board with ceiling section and perimeter channels 0.50mm thick 27mm high having flanges of 20mm and 30mm long, the perimeter of ceiling fixed to the wall /partition with the help of rawl plugs at 450mm centre to centre with 25mm long drive-all screws @ 230mm interval including jointing and fixing to a flush finish of tapered and square edges of the gypsum board with recommended filler, paper tapes, finisher including painting with two or more coats acrylic emulsion paint (WhitePine Apple Shade- 908/399 of ASIAN PAINTS) over a coat of primer of approved make and shade and the cost of making openings for light fittings, AC diffusers and continuous grills, cutouts made with trame of perimeter channels suitably fixed complete. The rate shall hold good for laying the false ceiling for the vertical surfaces also (with levels). Payments to be made for all the exposed surfaces only. Sqm 8.00 4 Providing and fixing aluminium door of size 910x2140mm comprising of approximate 83.5 mm middle member, Black powder coated. Thickness of section not less than 1.5 mm. Godrej / Dorma / Hafele / Ingersol Rand / Insta Floor spring (for 100 kg weight and rated for min 0.3 million cycles) and Pivot on top. 4 mm clear polycarbonate sheet with scratch free film on both sides. Suitable tubber beading. Wool pile / Weather strip on one vertical member. Providing and fixing colour customized door handle to fit on Aluminium section. 5 Same as above item no.6 but for fixed glazing portion only. 6 Providing and fixing plywood false ceiling work to cover the rolling shutter using 12mm thick BWR plywood with necessary frame work including providing o	3	conforming to IS: 2095 including providing and fixing of frame work made of special sections power pressed from MS sections and galvanized in accordance with zinc coating 600 as per IS: 277 and consisting of MS angles cleats of size 25mm wide x 16mm thick with flanges of 22mm and 37mm at 1200mm centre to centre one edge fixed to the ceiling with dash	Sqm	6.00		
with 25mm long drive-all screws @ 230mm interval including jointing and fixing to a flush finish of tapered and square edges of the gypsum board with recommended filler, paper tapes, finisher including painting with two or more coats acrylic emulsion paint (White/Pine Apple Shade- 908/399 of ASIAN PAINTS) over a coat of primer of approved make and shade and the cost of making openings for light fittings, AC diffusers and continuous grills, cutouts made with frame of perimeter channels suitably fixed complete. The rate shall hold good for laying the false ceiling for the vertical surfaces also (with levels). Payments to be made for all the exposed surfaces only. Sqm 8.00 4 Providing and fixing aluminium door of size 910x2140mm comprising of approximate 83.5 mm middle member, Black powder coated. Thickness of section not less than 1.5 mm. Godrej / Dorma / Hafele / Ingersol Rand / Insta Floor spring (for 100 kg weight and rated for min 0.3 million cycles) and Pivot on top. 4 mm clear polycarbonate sheet with scratch free film on both sides. Suitable rubber beading. Wool pile / Weather strip on one vertical member. Providing and fixing colour customized door handle to fit on Aluminium section. Sqm 2.00 5 Same as above item no.6 but for fixed glazing portion only. Providing and fixing plywood false ceiling work to cover the rolling shutter using 12mm thick BWR plywood with necessary frame work including providing openable arrangement for servicing the rolling shutters. The rate shall include the cost of lining with 3mm veneer on all the exposed surfaces including polishing and finishing with melamine matte finish tinted to approved shade and texture. Sqm 5.00		bolts to GI channels 45x15x0.90mm running at the rate of 1200mm centre to centre to which the ceiling section 0.5mm thick bottom edge of 80mm with tapered flanges of 26mm each having clips of 10.5mm at 450mm centre to centre shall be fixed to the direction perpendicular to GI channel with connecting clips made out of 2.64mm dia x 230mm long GI wire at every junction including fixing the gypsum board with ceiling section and perimeter				
4 Providing and fixing aluminium door of size 910x2140mm comprising of approximate 83.5mm vertical members, approximate 85-90 mm top & bottom, approximate 83.5 mm middle member, Black powder coated. Thickness of section not less than 1.5 mm. Godrej / Dorma / Hafele / Ingersol Rand / Insta Floor spring (for 100 kg weight and rated for min 0.3 million cycles) and Pivot on top. 4 mm clear polycarbonate sheet with scratch free film on both sides. Suitable rubber beading. Wool pile / Weather strip on one vertical member. Providing and fixing colour customized door handle to fit on Aluminium section. Sqm 2.00 5 Same as above item no.6 but for fixed glazing portion only. Sqm 2.00 Providing and fixing plywood false ceiling work to cover the rolling shutter using 12mm thick BWR plywood with necessary frame work including providing openable arrangement for servicing the rolling shutters. The rate shall include the cost of lining with 3mm veneer on all the exposed surfaces including polishing and finishing with melamine matte finish tinted to approved shade and texture. S.NO	DESCRIPTION OF WORKS	UNITS	QTY	RATE	AMOUNT
	SCHEDULE OF QUANTITIES OF ELECTRICAL WORKS FOR ATM				
	DISTURBUTION BOARDS				
1.1	ATM DB				
	Supply, installation, testing and commissioning of wall mounted cubicle type 4 way 3 phase Vertical Distribution board (for ATM DB) with double door concealed in wall and fabricated out of 16 Swg CRCA and powder coated to Siemens gray shade after undergoing 7- tank process. The rate shall include the cost of chasing the wall and concealing the same including making good the surfaces smooth to receive the putty and painting. The DB shall comprise of the following:-				
	1 no 63A 4P Isolator as incomer				
	1 no 40 TPN MCB, 2 nos 32A TPN MCB, 2 nos 20A SP MCB & 1 no 10A SP MCB as outgoings with necessary interconnection copper wires etc.,	Set	1.00		
12	UPS DB - 1	OCI	1.00		
	Supply, installation, testing and commissioning of wall mounted powder coated 6 way single phase Distribution board (as UPS DB - 2) with double door concealed in wall and fabricated out of 16 Swg CRCA and powder coated. The rate shall include the cost of chasing the wall and concealing the same including making good the surfaces smooth to receive the putty and painting. The DB shall comprise of the following:-				
	1 no 32A DP MCB as incomer 6 nos of 10/6A SP MCB as outgoing for computer nodes with necessary interconnection copper bus bars etc.,	Set	1.00		
	Supply, installation, testing and commissioning of 40A rated auto phase shifter with single line output for 3.0 KVA UPS unit. (SLHD 60 of Swift make)	No	1.00		
1.4	Supply and installation of 40A DP MCB housed in manufacturer's powder coated MS box for 3.0 KVA UPS input control.	No	1.00		
1.5	Supply and installation of 32A DP MCB housed in manufacturer's powder coated MS box for 3.0 KVA UPS output control.	No	1.00		
1.6	Supplying and fixing 32A DP manual change over switch in suitable metal enclosure.				
		No	1.00		
	Supply and fixing of 15A Modular Switches and sockets concealed type of ISI Standards includes cabling up to 5 meters. (within ATM)	Each	1.00		
2	Cables and Cable Terminations				
2.1	Supply & laying of $3\frac{1}{2}$ C 35 sqmm Aluminium cable laid above the ground and clamping the same at adequate intervals to the slab / beam / wall from Main DB to ATM DB along with 2 runs of 8 SWG copper wire for earthing.		25.00		
2.2	Providing end terminations for the above cables using double commpression brass gland and copper crimping socket including earthing the cable glands with copper earth clamp and connecting the same to earth along with 10SWG copper earth wire for the following cables:-				
2.2.1	3½ C 35 sqmm Aluminium cable	No	2.00		
	Power Wiring				
	Wiring for 20A metal clad sockets for split ac with 2R4 Sqmm and 1R 2.5 Sqmm PVC insulated multi stranded copper wire drawn in 20 / 25mm pvc conduits to be clamped on wall / ceiling, etc embedding the same in floor, wall, etc with all accessories.				
		Mt	12.00		
3.2	Supply and fixing 20A - 3 pin metal clad socket with plug controlled by a 20A SP MCB (for Ac wall mounted stabilizers) housed in manufacturers MS powder coated box to be concealed in wall.		2.00		
4	Lighting	INU	2.00		
	Wiring of light & fan points				

S.NO	DESCRIPTION OF WORKS	UNITS	QTY	RATE	AMOUNT
	Providing and laying point wiring for lights, fans, exhaust fans, 6A plug points etc., partly laid in surface conduits (above false ceilling) and necessarily concealed in recessed conduits in wall / partition / vertical drops, etc with 3 runs of 1.5 Sq.mm PVC insulated Flame Retardant Low smoke Cable (FRLS) with copper conductor in 20/25 mm dia. PVC conduit pipe 16G thick as per IS 9537 Part II including all accessories like base clamp, bends, couplings, junction boxes, rubber bushes etc., along with supplying and fixing 6A modular type switches of approved make with front plate for control housed in metal boxes recessed in wall / partitions made from electro plated sheet metal box of approved make including giving connections complete as required. The rate shall include the cost of providing and fixing necessary threaded MS powder coated ceiling suspended pipe / rod along with slotted U channel including securing the same with clamp / cable tie as required wherever required.				
4.1	1 light controlled by one switch.	No	2.00		
4.2	2 light controlled by one switch.	No	2.00		
	Same as above item but for exhaust fan excluding regulator.	No	1.00		
4.4	Wiring for of 6A multi pin socket in the switch box along with 6A modular type switch. Supplying and laying lighting circuit mains partly in surface conduits and necessarily concealed in recessed conduits in wall / partition / vertical drops, etc with 2 runs of 2.5 Sq.mm plus 1 run of 1.5 sqmm PVC insulated Flame Retardant Low smoke Cable (FRLS) with copper conductor in 20/25 mm dia. PVC conduit pipe 16G thick as per IS 9537 Part II including all accessories like base clamp, bends, couplings, junction boxes, rubber bushes, etc. The rate shall include the cost of providing and fixing necessary threaded MS powder coated ceiling suspended pipe / rod along with slotted U channel including securing the same with clamp / cable tie as required where ever required. Ends connected with suitable copper cable sockets and cable marking ferrules as required. Circuit wiring measured from the DB to the first switch control box only. Looping circuit shall be part of the point wiring	No	1.00		
	which will not be measured for payment. Supply of Light fittings and Fans Supplying of recess mounted 38 Watts LED luminare with Prismatic Diffuser (Wipro or	Mt	35.00		
5.1	equivalent).	No	1.00		
5.2	Supplying of recess mounted 17 Watts LED downlight (Wipro or equivalent).	No	4.00		
	Supply of ceiling mounted 18 Watts LED Tube light fixture along with electronic ballast and lamp (Wipro or equivalent).	No	1.00		
5.1	Supplying of 230mm dia light duty exhaust fan with auto gravity louvre.	No	1.00		
	Labour for fixing Light fittings and Fans	INU	1.00		
0	Installation of following light fittings complete with all accessories like and also necessary mounting accessories				
6.1	Charges for fixing recess mounted 38 Watts LED luminare with Prismatic Diffuser and supporting frame.	No	1.00		
6.2	Charges for fixing recess mounted 17 Watts LED downlight.	No	4.00		
	Charges for fixing 18 Watts LED Tube light fixture along with electronic ballast and lamp.	No	1.00		
6.4	Charges for fixing 230mm dia light duty exhaust fan with auto gravity louvre.	No	1.00		
	UPS wiring	140	1.00		
	Wiring for UPS socket outlet using 2R2.5 Sqmm and 1R2.5 sqmm PVC insulated multi stranded single core copper conductor FRLS wire in 20mm PVC conduit to be laid in floor, partitions, etc. complete with all accessories (looping 2/3 sets of 3x6A socket outlet in one circuit).	Mt	30.00		

S.NO	DESCRIPTION OF WORKS	UNITS	QTY	RATE	AMOUNT
7.2	Supply and installation of 2 nos 16A 5-pin socket with 2 nos of 16A modular switches housed in MS fabricated box to be concealed in wall / partition.	No	3.00		
8	Earthing				
8.1	Supply, installation, testing and commissioning of copper plate earthing station using $600 \times 600 \times 3$ mm copper plate, 2.5M long 25mm dia 'B' class GI pipe with funnel, excavation & refilling with salt, charcoal mixture, connecting 2 runs of 25 x 3mm copper strip with plate and extending up to the G.L for taking up the connections as per IS-3043 for earthing of UPS. A brick masonry trough of size $450 \times 450 \times $				
		No	1.00		
8.2	Supply and laying of 1R 6 Sqmm PVC insulated copper wire drawn in 25mm dia PVC pipe from plate earth electrodes to UPS earth points and terminating both the ends with proper crimping type copper sockets to the earth links. The conduit will be partly underground and partly clamped on wall.		10.00
